

Body Repair & Paint- Truck (Dutton)

Compensation based upon skill and experience. Full benefit package including bonuses.

Needed immediately; individual to perform body repairs on trucks in fleet repair operation. Ability to paint is desired. We are willing to train an entry level person who has some experience or training in body repair/painting, the desire to learn the trade and possesses a mechanical aptitude. Ability to weld (mig) is a plus. We offer a program for entry level employees to obtain the hand tools needed for the job and financed through the company. The selected candidate must be willing to work overtime. We are very busy and this is a fast-paced shop. Please reply to this posting and we will send you an employment application.
